In The Beginning...

To him who is determined to make a difference, the wherewithal is always available.

Once known as ACC-SPECS Professional Services Ltd., our journey took a transformative turn in 2021. With a renewed vision and a new name, ASCENTREE emerged to address a crucial gap we identified in the business solutions space. Our evolution wasn't just about rebranding; it was about recognizing the broader needs of organizations striving to thrive in a fiercely competitive marketplace.

From our inception, we've grown and matured, expanding our capabilities to offer a comprehensive suite of services. We understand that success demands more than just technology; it requires a holistic approach. That's why ASCENTREE is dedicated to helping businesses not only meet their statutory obligations to stakeholders but also to innovate and excel.

At ASCENTREE, our transformative approach turns businesses into structured organizations with robust systems, processes, and policies designed for sustained growth. We've guided countless clients through challenging growth phases, helping them adopt new practices that ensure lasting success. Our clients often see us as loyal partners, walking alongside them on their journey towards enduring prosperity.

At ASCENTREE, our technology solutions are built on strong partnerships with renowned global providers such as Microsoft, SAP, and QuickBooks. Over the years, we've amassed extensive experience by delivering high-quality solutions and successfully completing projects for clients across diverse sectors of the Nigerian economy. Our team of consultants is not only well-trained but also certified, ensuring we provide the best business solutions. Our commitment to excellence has made us a trusted partner for organizations looking to harness the power of technology for their growth and success.

Redefining Our Business

Driven daily by our commitment to meet the evolving needs of our clients, ASCENTREE underwent a significant transformation in January 2021.

Transitioning from a professional services firm to a technology and consulting powerhouse, this shift aligned with our dedication to honing our core competencies. We now proudly focus on delivering excellence in Project Management, Information Technology, and Business Advisory Services, embodying our core values of outstanding service delivery.

VISION & MISSION

“ VISION

Our Vision is to empower Africa's future through innovative technology solutions

“ MISSION

Our mission is to catalyze Africa's development by providing innovative, accessible and tailored solutions that empowers individuals, businesses and communities to thrive in today's digital age.

OUR TEAM & CULTURE

At Ascentree, we take a distinctive approach with our consultants, ensuring a comprehensive and collaborative process from the outset. Our team, beginning with the client, composes of subject matter experts, creative designers, experience modelers, and technologists, who work together seamlessly. This collaborative framework is built on shared values, shared efforts, and shared risks, guaranteeing outstanding value for both our clients and every team member.

Our commitment to excellence is reflected in our diverse and highly skilled team. Ascentree boasts a blend of educated and experienced professionals dedicated to delivering state-of-the-art services to our valued clients. By leveraging our collective expertise, we ensure innovative, effective, and sustainable solutions that drive success for our clients and foster growth and development within our team.

At Ascentree, our culture is deeply rooted in the pursuit of business excellence. This ethos shapes our behaviors, informs our relationships both within and outside the organization, and defines our service delivery. We are committed to continuous improvement, constantly enhancing our services and strengthening our relationships. This dedication to excellence ensures that we consistently deliver outstanding results and foster a positive, collaborative environment for our clients and team members.

OUR TEAM & CULTURE

HAKEEM OLAJIDE

CEO of Ascentree Services Limited

Mr. Hakeem Olajide, the Founder and Managing Director of Ascentree Services Limited, brings an impressive breadth of expertise and experience to the company. As an esteemed associate member of the Institute of Chartered Accountants of Nigeria, a member of the Information Systems Audit and Control Association and a member of the Lagos Chamber of Commerce and Industries, Mr. Olajide possesses a profound understanding of the intricacies of auditing, consultancy, and information technology.

With a career spanning approximately 20 years, Mr. Hakeem Olajide has developed a broad and versatile skill set, characterized by his attention to detail and commitment to excellence. His extensive experience has equipped him with the knowledge to navigate complex challenges and deliver innovative solutions.

Under his leadership, Ascentree Services Limited has thrived, gaining a reputation for outstanding service and advanced solutions. Mr. Olajide's dedication to continuous improvement and his forward-thinking approach ensure that Ascentree remains at the forefront of industry advancements, consistently meeting and exceeding client expectations.

OUR TEAM & CULTURE

ABIODUN OLUWASEUN FAGBULU

Executive Director

Biodun is responsible for financial analysis. He has over ten years working experience in accounting and finance. Between 2004 and 2005, he worked at Mercurius Capital Management Limited in London as a portfolio manager and was responsible for market research and analysis.

Prior to this, in 2002-2004, he worked with Marina Securities Limited, a subsidiary of Marina International Bank Limited where he was responsible for investment analysis and research and managing customer relationships.

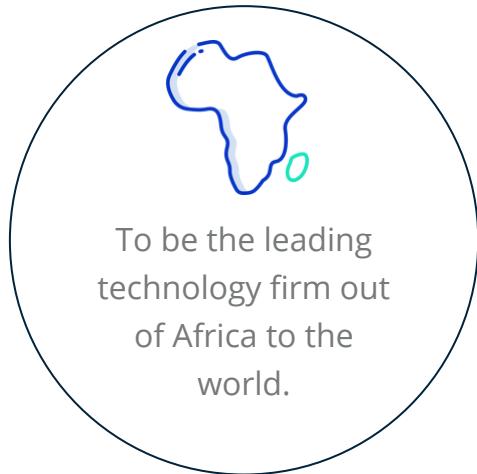

Between 1999 and 2002 he worked at Hamzat Subair& Co, Chartered Accountants where he participated in the audit of companies in sectors ranging from oil and gas to financial services.

Biodun has an MSc in Business and Financial Economics from the University of Greenwich, London and a BSc Accounting from Obafemi Awolowo University, Ile-Ife, Nigeria. He is a qualified member of the Chartered Institute of Stockbrokers in Nigeria and Authorised Dealing Clerk of the Nigerian Stock Exchange. He is currently registered by the Securities and Exchange Commission (SEC).

Power BI**

Tekwox

**Ascent HR
& Payroll**

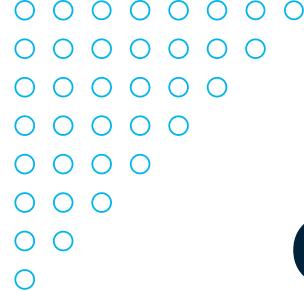

Our Approach

At Ascentree, our approach centers on a comprehensive assessment and deep understanding of our clients' business requirements. We utilize our diagnostic tool to thoroughly analyze the business case and collaboratively develop solutions with our clients. We encourage organizations to think creatively and innovatively, moving beyond traditional constraints to find sustainable, long-lasting solutions.

Our technology strategy goes beyond mere software implementation. We focus on providing intelligent solutions that empower our clients to drive their businesses forward. This approach requires us to consider three critical dimensions: People, Technology, and Processes. The Ascentree team ensures these dimensions are effectively aligned to deliver high-quality solutions.

Our methodology incorporates these three dimensions throughout our tasks. We conduct system reviews to evaluate the alignment of people, technology, and processes with the business requirements of our valued clients.

We believe that an information system must be in harmony with the organization's strategy and goals to achieve optimal results.
